A Message from the Chair

The Wisconsin Credit Union Foundation has continued to increase its dedication to financial education, credit union development, credit union staff development, and disaster aid, and in 2024, The Foundation has made more impact than ever before! Over the past year our impact has continued to grow; we distributed a chart-topping \$147,000 in grants, \$20,000 in scholarships, and launched Legends of the Movement - a way for credit unions to honor the trailblazers that have dedicated their careers to The Movement in Wisconsin.

As The Foundation begins its eighteenth year, it's also worth celebrating that we have now provided over \$1.95 million in financial education, grants, scholarships, and disaster assistance since our inception, including over 115 grants to promote the wellness of credit unions and the communities they serve. This is a huge milestone!

I am honored to serve as Chair and I am looking forward to 2025! We are already expanding our Exploring Why™ and Bite of Reality® programs, add even more content to our Community Development & Financial Education Workshop, and honor even more Legends of the Movement—and that's just the start. We are grateful for your support and commitment to The Foundation!

The Foundation's Mission

\$1.95 million

The Foundation's investment in financial wellness across Wisconsin since inception in 2007.

Established in 2007, The Wisconsin Credit Union Foundation (The Foundation) is a 501(c)(3) non-profit organization that promotes the wellness of credit unions and the communities they serve.

The Foundation's resources are used to promote credit union development, help educate credit union staff and volunteers, support programming to enhance financial literacy, and assist the credit union system in times of need.

\$1,013,657

Funds used to improve financial education across Wisconsin through financial literacy initiatives.

\$727,826

Over 115 recipients have been able to leverage grant funds to promote credit union development.

\$155,571

Scholarships have been awarded to more than 75 credit union professionals to advance their career in the Credit Union Movement.

\$60,684

The Foundation has provided disaster assistance to The Movement in times of need.

Financial Education

FiCEP

The Foundation, in partnership with America's Credit Unions and CU Difference, facilitated the ninth year of FiCEP, which helped an additional 21 participants earn their Certified Credit Union Financial Counselor (CCUFC) designation, and more than 23 recertified.

Over 290 credit union professionals, representing more than 50 credit unions, have participated in FiCEP to date. The Foundation financially supports the FiCEP program and significantly defrays the cost of this program for our credit unions.

Bite of Reality®

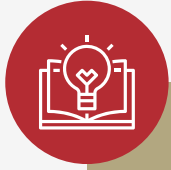

The Foundation has partnered with the Richard Myles Johnson Foundation to offer Bite of Reality® free for all of our member credit unions. This is an app-based, live simulation for teens that teaches them about real life financial decisions. In 2024, more than 275 students participated in this program.

TruStage generously supports Bite of Reality® so that all Wisconsin's credit unions can provide this program to their local school districts, at no cost, and help to fulfill their financial education requirements.

"Financial capability is an essential skill that empowers individuals to make informed decisions about money management."

Whitney Townsend, Fort Community Credit Union

Educational Programming

Financial Education & Community Development Workshop

This free two-day event brought together credit union professionals from around the state that are instrumental in developing programs to create financial well-being for their members and communities.

Exploring Why™ Workshop

For four years, The Foundation has proudly sponsored Exploring Why™ workshops for all of Wisconsin's credit unions. This full-day, experiential learning program was created by the National Credit Union Foundation to demonstrate to credit union employees and volunteers the Credit Union Difference and learn better ways to serve credit union members and the community.

"Thanks for what you do, and fueling the fire within all participants yesterday. I hope you saw the amount of energy that left the room was FAR greater than what came in."

Rachel Ojala Dumke, Summit Credit Union

Disaster Relief

The Foundation is proud to support the movement with disaster relief funds, so credit unions can continue to serve their members and communities in their time of extreme need.

The grants reach these areas with assistance from the National Credit Union Foundation through CUAid. In 2024, \$7,500 was donated to CUAid by The Wisconsin Credit Union Foundation.

Over the last several years, relief has been sent to CUAid to assist with the crisis in Ukraine, wildfires in western United States, hurricanes in the southeastern United States, tornado relief in the Midwest, and much more.

***"As climate-related events accelerate, we can expect
outsized impact on our most vulnerable people and
communities."***

Grant Programs

Credit Union Development Grants

Wisconsin credit unions in need of support for technology and operations related expenses, and upgrades to the credit union's operations that will measurably assist their ability to serve their members, are encouraged to apply for this grant. Preference given to credit unions under \$100 million in assets.

The Difference Grants

The Difference Grants are used to help credit unions of all sizes in the creation of innovative services and programs that could offer affordable alternatives to high-cost financial products and services, reduce dependency on predatory financial providers, increase financial literacy and empowerment, improve personal financial management, create avenues to personal financial stability, and improve financial and economic well-being of Wisconsin communities.

Inclusion Fund Grants

For two years, The Foundation is proud to support credit unions in their mission to reach unserved and unrepresented communities in Wisconsin that struggle to be served by traditional financial services.

This grant was introduced to connect credit unions with the resources that are offered by [Coopera Consulting](#) to implement programs and services for multi-cultural markets and is targeted toward midsize credit unions in Wisconsin.

"HFMCU is grateful and honored to be selected as a grant recipient. This support goes a long way in making a difference in our member's financial wellness and overall health."

Memorials & Tributes

There is no better way to convey the "People Helping People" philosophy to your colleagues and friends than through a gift to the charitable organization dedicated to helping Wisconsin credit unions help others.

Legends of the Movement

The Legends of the Movement, created by The Wisconsin Credit Union Foundation in 2024, recognizes trailblazers, visionaries, and dedicated individuals who have made extraordinary and lasting contributions to The Credit Union Movement in Wisconsin, and beyond. Inductees embody the cooperative spirit and exemplify a lifelong commitment to the credit union philosophy of "People Helping People."

Community Investment Fund (CIF)

The CIF is an investment vehicle allowing credit unions to support the National Credit Union Foundation and state foundations, including ours in Wisconsin. The CIF provides almost two-thirds of the funding for key programs benefiting credit unions, their members, and the communities they serve.

Credit unions investing in CIF receive 50% of the dividend of their investment. The remaining 50% is shared equally between the state and national credit union foundations.

Grants, Scholarships, & FiCEP

Remember to take advantage of the scholarships and grants available to your credit union. Also consider becoming or encouraging others to become a Certified Credit Union Financial Counselor.

Spread the Word!

We rely on fundraising efforts from credit unions on behalf of The Foundation. If you're holding an event or activity, please consider having a portion of the proceeds benefit The Foundation, and share with others the importance of what The Foundation does.
